TIMELINE

○ Order estimation ◆ Commercial order deadline ■ Pert Period

HOW IT WORKS

○ 1 · ORDER ESTIMATION

Share your expected commercial demand

Give us a first view of your expected volumes per flow for the coming Pert Period. This estimation is non-binding: you can still adjust it until the Commercial Order Deadline. It allows us to balance our resources and rework the operational schedules before the Commercial Order Deadline.

◆ 2 · COMMERCIAL ORDER DEADLINE

Confirm demand and operational schedule

Confirm your final commercial demand together with your operational schedule: days of operation, departure and arrival windows, loading and unloading times. In line with your contract, the order confirmed at this deadline is binding for the Pert Period.
